Deco Beacon | TB Murphy

Our next curation is a piece from TB Murphy, depicting a lighthouse with a vibrant display of color. The bold hues and stylized composition give the piece a modern, almost surreal quality. We loved the creative reinterpretation of a classic subject, blending traditional architecture with contemporary digital art techniques to produce a visually arresting image.

Heart of the Sea | Oivato Agosto

This intriguing piece by Oivato Agosto combines elements of urban decay and creative expression. The mural on the side of a weathered building depicts a surreal, geometric heart, breaking through the wall and casting a shadow on the surrounding space, and we really enjoyed the moody juxtaposition of the car parked nearby that adds a layer of everyday reality to the fantastical artwork.
